The office Christmas party is a minefield of potential embarrassing mishaps from Dodgy dancing, loads of booze and loose lips. Here are dos and don'ts. Whether you heed them is another matter ☺

1. Don't get drunk -This is an important rule — and yet, so many people fail to follow it.
2. Don't be anti-social Even if you despise your coworkers (hopefully you don't — and if you do, it might be time to assess your situation), or if you're new and don't know many people, don't sit in a corner alone or keep your eyes glued to your phone the whole night. DO "Schmooze," "Talk to people. Make sure you mingle."
3. Don't gossip or bad mouth your colleagues, most importantly, don't gossip about coworkers.
4. Don't flirt This is not the time to hit on your boss, or there spouse. Sometimes liquid courage gets the best of us — so stay away from alcohol if you don't think you can control yourself while under the influence.
