Turning Back the years

24th February started training under new club trainers Paul Kelly, Castledermot.

6th March —Further field development took place when hundreds of tons of top soil was drawn with tractors & trailers from the premises of Tommy Doyle's house—where Des Foley is living now . James Derry Plant Hire was the contractor with helpers and drivers—Kevin Byrne, Jim Harmon, Dick Harmon, Danny Byrne, Henry Byrne, Gerry Boland, John Byrne Tickler, Tony Jackson, John Daye, Noel Farrell, John Timmins, Paddy Kelly-Baltinglass. A great days work was done with no cost to the club. Tommy Doyle supplied the soil free & paid the contractor. This work lengthened the GAA field to where it is today.

**Come Along And Share Your Thoughts..
Monday 19th March at 8pm
St. Tegan's Hall**

Starting a Community Council in Kiltegan has been raised many times over the last number of years and now it is happening. If you would like to input into the progress and future of our Kiltegan Community please come along. It is an open meeting for everyone. It is important that every area and all groups in the community are represented.

A Community Council has many benefits, some of which are:

It will represent the Kiltegan Community and act in the best interest of the community. **Community Councils** are comprised of people who care about the community and want to make it a better place to live.

Community Councils bring people together to help make things happen and protect and promote the identity of their community. They advise, petition, influence and advocate numerous causes and cases of concern on behalf of their communities.

On the night it will be focused around explaining what a Community Council is and how it will benefit our community. There will be an open discussion on ideas, areas for improvement and how we can make progress.
