How hot is it?

The cows are giving evaporated milk. The chickens are laying hard-boiled eggs I saw a dog chasing a cat and they were both walkin' Hot water now comes out of both taps. You actually burn your hand opening the car door.

The potatoes cook underground, and all you have to do to have lunch is to pull one out and add butter, salt and pepper.

The trees are whistling for the dogs. ☺ Your dream house is any house in Alaska. You would give anything to be able to splash cold water on your face.
